- **Smart College Event Management System**

  Name: Jeet Joshi
  Enrollment No: 92510103081
  Subject: AWT
  Semester: 4

- The Smart College Event Management System is designed to manage and organize college events efficiently. It allows students to explore and register for events, while administrators can create, update, and manage events.

  - Admin panel for event management
  - Student event browsing
  - User authentication system
  - Responsive UI
  - Event registration system

  Frontend: React.js
  Backend: Node.js, Express.js
  Database: MongoDB
  Deployment: Vercel
